Join us for an all Steve Reich evening as we celebrate the first 5.1 surround release of his masterpiece, *Music for 18 Musicians*, recorded by the Grand Valley State University New Music Ensemble (fresh from their amazing performance on this year's Bang On a Can Marathon), on the Innova Recordings label.

The evening will also feature live performances of Reich's *Video Phase* by David Cossin (Cossin's arrangement of *Piano Phase*), and *Nagoya Marimbas* by members of the GVSU New Music Ensemble. The event will conclude with a complete playing of the CD, *Music for 18 Musicians*, in glorious 5.1 surround sound.
